

ORBINOX UK have successfully recertified for ISO 9001:2008 standard!

After a 2 day audit, Lloyds Register LRQA have awarded ORBINOX UK recertification to ISO 9001:2008.

We are delighted with this achievement and will now start to work towards the new standard, ISO 9001:2015 which we will be assessed for next September.

Huge thanks and appreciation to our Quality Assurance Manager for his hard work in achieving this standard!
